Jazz and Tap Camp is for dancers with at least one year of dance experience. All levels are welcome and will be individually challenged. This camp combines age- and level-appropriate dance education with a creative summer experience. Campers will enjoy daily jazz and tap classes which include warm-up, technique work and an engaging combination. The week will conclude with a studio presentation for family and friends. Dancers should wear appropriate dance attire and bring a snack and water. Loaner tap shoes will be available for first-time tappers!

Camp ProVoice

July 9-13 • Ages 7-9 and 10-13 • 9:30-12:00

Spend a week with our fabulous voice instructors working on individual performance skills and learning how to use your voice to its full potential. Pick up a microphone and learn how to engage your audience singing material from Broadway shows and movie/TV musicals, as well as legendary and contemporary rock and pop hits. Campers will present a fabulous, fun-filled show of solos, duets and small ensembles prepared during their week of intensive training. This camp is geared toward young people who love to sing! All levels of experience are welcome and the camp will be designed around campers' individual goals and abilities.

Creative Kids Camp

July 23-27 or August 20-24 • Ages 5-8 • 9:30-12:00

Creative Campers enjoy daily drama games, theater activities, singing, dancing, arts and crafts, story time and more – plus a Friday afternoon performance to share what they've learned all week in class!

Broadway Camp

July 23-27 or August 20-24 • Grades K-5 • 12:30-3:00

Do you have what it takes to be a SMASH on Broadway? Does your inner "Annie" long to be heard TODAY? FSPA's Broadway Camp introduces young performers to the vocals, choreography and scene work of some of the best of classic and contemporary musical theater. A final performance will showcase the fun had during the week-long Broadway Camp.

Acting Camp

August 20-24 • Grades K-4 • 9:30-12:00

July 30-August 3 • Grades 5-7 • 12:30-3:00

Acting Camp covers every form of performance art (except, of course, singing and dancing). Campers build and present characters in short plays, learn the basics of good improvisation, and explore such subjects as magic, puppetry, public speaking and acting for the camera. In each discipline, the focus is on understanding stage presence, charisma and communication. At the end of the week, campers will showcase their skills in a one-of-a-kind presentation.

Little Music School Experience

July 23-27 • Ages 3-5 • 10:00-11:00

Does your child play the drums on your pots and pans? Does she like to march like a soldier or roar like a lion? Does he insist that he wants to be a rock star when he grows up? Can she identify all of the instruments she hears on the radio? FSPA's Little Music School Camp encourages young children to observe, sing, play, imagine, create and learn with others in age-appropriate activities. A great opportunity for children to explore music in a fun, energetic and interesting environment while learning and growing!

Designed for young singers looking to gain experience and basic technique, classes focus on fundamentals of breathing, vowel placement, sight-reading and ear training. A wide range of repertoire will be studied with emphasis on classical and musical theater genres. This class is ideal for students entering the FSPA voice program in the fall.

Girls' Teen Voice

Mondays 4:00-5:00

Small Instrumental Ensembles

based on ensemble assignments

(ages 7 & up, by evaluation/teacher recommendation)

Piano is often a lonely undertaking, but there is a great deal of repertoire written for two people to play together! Students will be assigned a partner with whom to learn a piece and will have the opportunity to play in every class. Students will be coached on how to tackle the repertoire and how to develop the skills to work on music collaboratively. (8 weeks)

Make Sense of It All! Music Theory

TBD

Imagine you had to read a novel letter by letter. It's not that different from reading music note by note! Similar to the way we read and understand each sentence as a complete thought, music has a grammar all its own, a series of patterns and groupings that make it easier to understand what is going on in the score! This class will give you a boost in speed and efficiency to improve on your instrument! (8 weeks)

Private Lessons — Voice, Piano, Guitar, Bass, Percussion, Woodwind and Violin
